Re: Emery Deep Mine Permit C/015/015
Coal Mine Waste Sale and Haul to Covol Engineered Fuels L.C.

Dear Mr. Haddock:

Per your request please consider this a revision to the MRP.

Consol has entered into an agreement with Covol Engineered Fuels L.C. to screen and haul the coal mine waste from the existing coal mine waste pile at the Emery mine to their facility in Wellington. I have added language to the MRP describing the process. Consol understands that Covol has submitted an MRP application for this site including bond and the permit approval is pending deficiency responses.

Enclosed please find four (4) copies for your review and executed C1 and C2 forms. A hard copy will be forwarded to your Price field office. A cd with the clean copy submittal in pfd format is enclosed.

If you have any questions concerning this request, please contact me at (618) 625-6850.

Sincerely,

John Gefferth
Environmental Engineer
